sponsored by IRMA and CMP Information, Inc.
Hollywood Renaissance Hotel • August 29 - August 31, 2005
(Show floor open Tuesday, August 30 & Wednesday, August 31)

DVD Entertainment Conference & Showcase is the world's largest conference and technology showcase for DVD decision makers. It combines a premiere executive-level seminar program with a comprehensive showcase of DVD technologies for studios, labels, producers and facilities involved in the creation, production and distribution of DVD video, audio and ROM entertainment titles. DVD Entertainment is the most established and longest running DVD show in the industry and is host to the annual DVD Awards, regarded in the industry as the most prestigious award of its kind.

The Entertainment Packaging Summit was created to focus on packaging issues confronting content holders, retailers, manufacturers and designers working with CDs, DVD Video, DVD Audio, CD-ROM, Video Games, VHS and vinyl. It combines a show floor displaying packaging solutions with a conference and the Alex Awards, recognizing the best in Entertainment Packaging.

Entertainment Asset Management is a senior-level knowledge-sharing event targeted at professional engineers, vice presidents of operations and production, and anyone involved in managing digital assets from either an archive or business profit-center.
